Torah, Science and The NSA
NSA Codebreaker Deciphers The Torah Found In Science

With Harold Gans, former NSA Codebreaker

Harold Gans is a fascinating person. He served as a senior code breaker and mathematician for the NSA for more than a quarter of a century. After his retirement, he became an internationally acclaimed lecturer featured on CNN, CBS and the History Channel, and in Time, Newsweek, USA Today and the Los Angeles Times.

Please join us for this four part series exploring the modern science that relates to Torah. Explore how many modern scientific discoveries are consistent with the teachings of our sages.

1. Jan 29 - Finding G-d in Science and History
2. Feb 9 - Modern Science, Ancient Wisdom: How Modern Science Affirms Scientific Truths Found In The Torah
3. Feb 12 - The Science of the Emergence of Life
4. Feb 19 - Open questions and answer session including "My life as an orthodox Jewish code breaker"

Other topics may include: How could Adam be immortal and how did earlier generations live so long? How does science view miracles? How accurate is today's Torah? How about evolution? ...and whatever else you think to ask!

Rabbi's Discussion Question of the Week:

In this week's Parsha, we read about the terrible suffering the Jewish People experienced in Egypt at the hands of Pharaoh and his taskmasters. In the subsequent parshiyos we will read how G-d punished the Egyptians. Why did G-d punish *all* the Egyptians and not only the leadership? How does this idea impact us in a school setting? For those in middle school and up, can you find a proof from the Torah portion to your explanation?

Email your answer to rabbi@nertamid.net to be entered into a monthly raffle to win great prizes!! Please indicate if the question was discussed at your Shabbos table for an EXTRA ticket! The raffle takes place once a month immediately before Kiddush. Open to students grades 1-12.

Groups this week

Tiny Tots Toddler - 3 year olds: Morah Laura Larson in room 1

Can 3 year olds - Kindergarten: Morah Rachel Shar in room 11
