

# SELLING CHOMETZ GAMUR ("REAL CHOMETZ") BEFORE PESACH - GUIDELINES & CHART

Rabbi Dovid Heber, STAR-K Kashrus Administrator

Although *l'Halacha*, any chometz may be sold before Pesach, there are pious individuals who do not sell "real" chometz, but rather give it away, burn it, or eat it before Pesach. How does one define *chometz gamur*, "real" chometz? A food for which there is an *issur* of *bal yeira'eh u'bal yematzeh d'Oraysa* (there is a *Torah* prohibition of ownership on Pesach) is "real" chometz. This includes all items that are *chometz gamur*, real chometz (bread, cake, cookies, pretzels, pasta, etc.). It should be noted that people who do not sell real chometz may purchase real chometz after Pesach from a Jewish owned store that sold their chometz.

*Ta'aroves chometz*, food consisting of chometz ingredients, where the *chiyuv biur* (obligation to burn) is only *m'drabanan* (rabbinic), or at least according to some opinions only *m'drabanan*, is not *chometz gamur*. In addition, *safeik chometz* medications (i.e., one is unable to determine whether it is chometz) and non-edible items, as well as products processed on chometz equipment, are not considered to be *chometz gamur*. These products are sold before Pesach even by individuals who are stringent not to sell *chometz gamur*. Many individuals who do not sell *chometz gamur* will sell alcoholic beverages before Pesach. Each family should follow their own custom.

The following chart offers guidelines as to which products are considered "real" chometz. 'Chometz Gamur' means it is 'real' chometz. Pious individuals customarily do not sell these products before Pesach. Rather, they either consume it, burn it, or give it away as a gift to a non-Jew before Pesach. 'Not Chometz Gamur' indicates the product is not "real" chometz. Even pious individuals will generally sell such products to a non-Jew before Pesach. (Where indicated, some products may remain in one's possession during Pesach, and a sale is not required.)

1. Some individuals sell this chometz, others do not. One should follow his family custom.

2. *Kedei achilas pras* is the amount of time it takes to eat the volume of buttered bread equaling three to four eggs (approximately 2-4 minutes). For example, if one eats a bowl of Froot Loops cereal, he will eat a *kezayis* of chometz within 2-4 minutes. However, if one eats Cap 'N Crunch cereal he will not eat a *kezayis* of chometz fast enough since the amount of chometz in Cap 'N Crunch cereal is relatively minimal. Nonetheless, since there is a *kezayis* of chometz in the box, it is *chometz gamur*.

3. These products are not chometz. One may even retain possession on Pesach. Sale is not necessary (*mutar behana'a b'Pesach*). The product may not be eaten on Pesach.

4. These products are not chometz. One may even retain possession on Pesach. Sale is not necessary (*mutar behana'a b'Pesach*).

5. One may retain possession of these products on Pesach. Sale is not necessary. They may not be eaten on Pesach.

6. This applies to flour that is not an ingredient in a product (e.g., flour sold in bags). However, as an ingredient in a product it is usually *chometz gamur*.

7. This includes bourbon, rye, liquor, gin, scotch & whiskey (unless they are certified for Pesach or are known to be from non-chometz sources).

8. Consumer boxes of Corn Flakes contain less than a *kezayis* of malt extract. The same is true with other cereals that contain barley or malt extract and are therefore not *chometz gamur*. Industrial-sized boxes of Corn Flakes (e.g., for food service) and other cereals that contain malt extract likely contain more than a *kezayis* of malt extract and would therefore be considered *chometz gamur*.

9. Malt extract is *chometz gamur*. If malt extract is an ingredient in an otherwise non-chometz product, see footnote #8.
