Member Profile

Meet Dr. Robert (Bob) Allen and Dr. Edie Gurewitsch Allen!

1. **What brought you to Ner Tamid?**
   A number of factors. The hashkafa, the membership, the activities, and of course the rabbi

2. **What is your religious background?**
   Edie grew up in a conservative home but had a Ramaz HS education. She was traditional as a college student before she first married and moved to being shomer shabbat in 1986. Bob is the son of Holocaust survivors and was raised in a non-orthodox home. He became interested in orthodoxy as a grad student at CMU in the early 80s. A couple of other grad students were undergoing a similar transformation, and religious marriage made more sense to him than a legal one. By 1982, he was shomer shabbat.

3. **Where are you from originally?**
   Edie was born in Brooklyn, but grew up in New Rochelle. She went to Columbia for her undergraduate and medical degrees and also trained in high-risk obstetrics at Cornell. Bob was born and grew up on the upper East side in Manhattan, where his father still lives. Bob attended Stuyvesant high school, and attended Stony Brook University as an undergraduate.

4. **What do you do for a living (or did before retirement-if so, what do you keep busy with)?**
   Edie has been in academic medicine her whole career. She came to Hopkins as an attending high-risk obstetrician, where she is now Associate Professor in the Division of Maternal Fetal Medicine, with a joint appointment in Biomedical Engineering. Bob was an engineering faculty member his whole career after his MS from Berkeley in 1978 and PhD from CMU in 1984. He taught at the University of Houston, Rice University, the University of Delaware and Johns Hopkins University, from where he recently retired. He was a full time researcher in design at the National Institute of Standards and Technology from 1997-2000. He recently retired from teaching and now consults and is writing a textbook on biomedical engineering design.

5. **What hobbies, passions, etc do you have?**
   Edie is passionate about Israel, social justice and family. Bob is passionate about family, faith and education. He enjoys poker and road bike riding. They both enjoy reading and board games, especially Sudoku and Scrabble.

6. **Anything unusual you could tell us about yourselves, kids, pets? Or an interesting unknown fact about you?**
   Edie was in the first class at Columbia to accept women. At ages 12 and 13, Bob was the Manhattan chess champion in the junior high division. Twenty five years ago, he won a tournament in the World Poker finals.

7. **What do you hope will come about at Ner Tamid in the future?**
   That it continues to grow welcoming members of a wide range of persuasions.

We would love to profile you! Email nertamid613@comcast.net for details.
