Meet the Epstein Family!

What brought you to Ner Tamid?
Our friends had recently joined and they told us about Rabbi Motzen. We came once and we were sold.

How long have you been a member of NT?
We're NT newbies! We just moved to the area in October, and joined the shul soon after.

What is your religious background?
Nadine grew up at a Reform synagogue, and Zach at a Conservative synagogue. We were both introduced to observant Judaism during our college years, and the rest is history! One of the things we love about Ner Tamid is the strong feeling of community that's able to exist here between people with such a wide variety of backgrounds and perspectives.

Where are you from originally?
Nadine is from Miami Beach, and Zach is from the Chicago suburbs.

What do you do for a living?
Nadine works at at Johns Hopkins University's Career Center. She provides career coaching to undergraduates and Master's students interested in the world of Arts, Media & Marketing, and also coordinates opportunities for them to connect with employers and alumni. Zach is a fifth-year Ph.D. student in the Physics Department at UMD College Park. His research revolves around laser-matter interactions, with applications for national defense.

Anything unusual you could tell us about yourselves?
Zach is a classically trained singer and song-writer, and has had the chance to sing the national anthem for UMD athletic events while in grad school. While Nadine's musical career ended in her middle school's concert band, she's an avid concert-goer. Whether you've gotten to know her yet or not, she hopes you'll reach out if you ever need a concert buddy!
